

Lisa Littman vs. transgender people

Lisa Littman is an American public health researcher and [anti-transgender](#) activist.

Littman is involved in efforts to restrict gender affirming care for children and youth. Littman created the disputed diagnosis "[rapid onset gender dysphoria](#)" (ROGD) and is a key figure in the [ex-transgender](#) movement.

Anti-transgender activism

Littman created the anti-trans front group [Institute for Comprehensive Gender Dysphoria Research](#) (ICGDR) with Stella O'Malley in 2021.

Under the auspices of ICGDR, Littman published a paper on “[detransition](#)” in anti-trans academic journal [Archives of Sexual Behavior](#).
