17./ Every clinician at the Boston Hospital sterilising an 8 year old girl deserves to be in jail. They may have been assisted by a media and politicians who have lost their marbles. But like Spack no one forced them to prescribe the drugs. No one forced them to ruin young lives.

# The Truth About Jazz

Jazz Jennings is held up as proof that affirmation of a trans identity in kids is a success. The truth is far darker. He was misled by ghoulish parents and a culture that celebrates them.

1./ The SNP, Misogyny and Helena Kennedy 3 years ago I said it was inevitable the SNP would make a hash of their Misogyny Bill and include men (transwomen) in their proposed law. The reason? Helena Kennedy is immersed in trans ideology. The evidence?

2./ In a thread then I showed how Kennedy lavished praise in a series of LGBT+ events on Roz Kaveney, Peter Tatchell and other trans rights fanatics such as Naomi Wolf. Kennedy described Wolf as a good friend. How close a friend soon became clear. 👉

3./ At one event Kennedy chaired, Wolf spoke out against single sex spaces, railing against how the Far Right was allegedly engineering a moral panic about them. This was identical, she said, to 'gay panics' in the past. Cue applause from Plonk Noos. 👉

1./ Ruth Hunt is a Bit of a Cult. You have to hand it to Stonewall's ex-CEO, Ruth Hunt. She really knows how to lie. In her interview she claims Stonewall merely "listened to the experts" and cites one in particular. Why is this a lie? 1/ of 15 👉

2./ Hunt names Polly Carmichael from the Tavistock. But for all her faults, Carmichael actually said of prescribing puberty blockers, "it would be disingenuous to say it is fully reversible." Yet Stonewall even today maintains blockers are reversible.

1./ The Biggest Lie About the Cass Report This video is just one source that claims the trans lobby has long supported the holistic mental health approach that Cass now recommends. This is a lie. Let me tell you the real story of the trans lobby's attitude to mental health.

2./ 25 years ago the trans lobby began a campaign to dilute and remove references to mental health in trans healthcare. A particular target was the Standards of Care of the global trans healthcare organisation WPATH and its predecessor HBIQDA. Why did trans activists do this?

3./ Up to 1998 the Standards of Care included a prominent warning (Principle 1) that sex reassignment "may be requested by persons experiencing short-term delusions or beliefs which may later be changed and reversed." It urged psychiatric oversight. The

1. The Biggest Idiot? Many foolish politicians enabled the harm to vulnerable children which the Cass Review has now exposed. None did so with the enthusiasm of John Nicolson MP who went to court to back Mermaids, the child-harming charity that promoted puberty blockers. 1 of 13

2./ Nicolson appeared as a witness when Mermaids tried to have the charitable status of @AllianceLGB removed. This despite the fact that one of the Trustees of Mermaids at the time, Jacob Breslow, published a book and spoke at a pro-paedophile conference.

1./ Why do LGB oppose TQ+ Why do lesbians and their gay male brothers get upset by the sort of LGBTQ+ placards on show in Edinburgh urging lesbians to "love dick"? It's just the latest example of the trans lobby's open contempt for homosexuality. 1/ of 7

2./ The core idea at the heart of the modern trans project is summed up here by a trans activist at Brighton Pride: "if gender is on a spectrum then homosexuality doesn't really exist". This argument made it into a tax-payer funded film celebrating 50 years of Pride.

1./ An LGBTQ+ Reckoning If you want a defining moment in the story of the self-destruction of what was once the gay rights movement this is as good as any. @TheAdvocateMag showcases a mentally deluded and ghoulish man who thinks he's a woman.
